

LAS VEGAS GAY MALE WEDDINGS

Personalized and customized guidance
and instructions prepared exclusively for
John Doe (Los Angeles) and **Jack Blank** (Santa Monica)

February 1, 2017

Overall Las Vegas Experience

You told us that you are seeking exciting and memorable, yet dignified, Las Vegas wedding experience. So, we have prepared several pages of specific recommendations and instructions that are personalized and customized for the two of you.

We have not proposed an Elvis impersonator or Michael Jackson impersonator to officiate your ceremony because we learned from you that such ceremonies would be unsuitable to you both.

You indicated that you enjoy being in the company of other masculine men like you two are. Las Vegas opportunities for people-watching and a very large percentage of the Las Vegas visitors are young men in the age range of 21 to 35. So, your chances are excellent for watching and hanging out near healthy and fit young men while you are in Las Vegas, especially at the resort property we recommend for you.

Good-looking, masculine men in Las Vegas work at the resort property that we have listed for you, so we believe you are going to enjoy the guys that you see there during your stay.

You mentioned your unpleasant experiences in other cities with gay men's venues such as bars and coffee shops. So, since this is the first visit to Las Vegas for both of you, we want to steer you to what you want and hope to experience.

Travel Arrangements

First you need to get to Las Vegas from Southern California.

Since you both are residents of Southern California, you can travel to and from Las Vegas by car using the I-15 freeway that crosses the Mojave Desert. You'll be in good company since a significant percentage of Las Vegas visitors come from Southern California every week of every year.

The one-way drive by car from Los Angeles under optimum weather and traffic conditions takes only about four hours. The journey on the I-15 to and from Los Angeles and Las Vegas can be enjoyable if you like the wide-open spaces of the Desert Southwest.

We have not yet reached the hot weather days here in the Mojave Desert, so unless there are heavy rain storms and flooding, your drive should be uneventful as far as weather is concerned. That same I-15 freeway can be challenging and frustrating when the air temperature soars above 100 degrees Fahrenheit, however.

A very sane choice is to fly from Bob Hope Airport (BUR) in Burbank to McCarran International Airport (LAS) in Las Vegas. That one-way flight takes less than an hour and it's well worth it if you want the fastest way possible to get to Las Vegas from Southern California.

Ground Transportation in Vegas

If you want to get around the Las Vegas Valley on your own timetable, we strongly recommend that you have the **Lyft** app installed on your smart phone.

Our personal experience in Las Vegas has taught us that **Lyft** is most comfortable and least costly way for you to book a car and driver locally in Las Vegas to take you where you want to go. Your wait time for a car typically is under 10 minutes.

Wedding License

Since you must visit a downtown Las Vegas office in person to get your Nevada wedding license, here's what you need to know:

Submit a preliminary application online. Click on this link:

<http://www.clarkcountynv.gov/clerk/Pages/PreApp.aspx>

When you arrive in Las Vegas, you both need to go in person to the **Clark County Marriage License Bureau**, 201 East Clark Avenue in downtown Las Vegas.

Be sure that you bring official photo-ID from California and the serial number you received when you posted the preliminary application online. Your full, legal names need to match exactly what's on your photo-ID from California. Just to be safe, also bring along proof of birth.

Wedding Ceremony Hotel

Book a signature suite at **Red Rock Casino Hotel Spa**. This property is not on the Las Vegas Strip, which you both indicated suits your personal preferences. The gaming opportunities are excellent at Red Rock, but being away from the Strip affords a more relaxed experience compared to the very active and fast-paced Strip venues.

The location is 11011 West Charleston Boulevard on the west side of the Las Vegas Valley.

They will arrive at the property a short while ahead of your ceremony's start time. You will need to meet them at the elevator lobby of the hotel. You should have \$100 in cash to tip them after they have complete the ceremony and photography.

Wedding Formal Wear

They will delivery your formal wear and retrieve it on the day after your wedding ceremony.

Resort Amenities

Without exaggeration, you're able to find just about everything you need during your stay without ever leaving the property. Did you forget to bring a pair of men's dress socks? No problem. A gift shop is conveniently situated just a few steps from the hotel elevator lobby.

There you will also find a Starbucks to fulfill your need for your favorite caffeine jolt or carbohydrates.

The impressive pool on the property is situated outdoors to take advantage of the warmer daytime temperatures in Las Vegas. The shirtless men in skimpy swim wear are very easy on the eyes, too.

You can easily lose track of what day it is while you are enjoying your stay at this wonderful property. But, isn't that part of what you're seeking when you visit Las Vegas?

Cocktails

There is an abundance of comfortable places on the premises of the property whenever you want to relax with a cocktail in your hand.

Some venues present live music. If you're in the mood for a quieter place just for the two of you to enjoy each other in conversation, you can easily find that at Red Rock, too.

Side Trip: The High Roller on the Las Vegas Strip

We believe that no trip to Las Vegas would be complete without experiencing a ride on the High Roller – the tallest observation wheel in the world.

The High Roller is a half-hour circulating ride inside a cabin that holds up to 40 people. Once inside, you rotate up and around for stunning views of the entire Las Vegas Valley.

The perfect time to ride the High Roller is on a cloudless day just as the sun is setting in the west and the neon lights have started popping on all over Las Vegas.

Side Trip: Male Revue on the Las Vegas Strip

Gay men who visit Las Vegas may want to attend an all-male revue on the Strip. From personal experience, we recommend **American Storm** located on the property at **Planet Hollywood Resort & Casino** on the Strip. This has been reviewed by the local daily newspaper as “the best male strip show” in Vegas.
